

## **Restore your AIRMAX DUO to factory default**

1. Power on your AIRMAX DUO. Unplug the power when both Green and Blue LED are on.
2. Continue the above process 4 times. The Green LED indicates how many times you have power recycled.
3. When the counter reached 4. The green LED flash 4 times. After 4 seconds, both blue and green LED lights up.
4. Then blue LED flash once, and both blue and green LED flash 3 times. After about 40 seconds later, the restore-to-default is completed
5. You can check if the IP is changed back to default at 192.168.1.1
