In the default setting, AirVideo-100 v2 only supports to presentation on different Smartphone platforms via **MobiShow** app (Media, Photo and PtG), if you want to do the full screen projection same like Windows platform, please see below table for the comparison.

This Case Study will guide how to use iOS and Android platform to make screen project to big screen wirelessly.

#### ♦ Warning!

**OvisLink** Corp.

The screen projection will need to use the Smartphone has already root/or JB (Jail-Break), and you can download the MirrorOP sender from the apps store. For security & safety reason, we DO NOT suggest to root/or JB your platform if you has never done it and It is not official way, so it might cause system malfunction which we cannot expect

	Screen Project	Media	Photo	PtG	Root/JB Required	Price(USD)		
Android	<ul> <li>OS Required: Android 2.1 update-1 (Eclair_mrl) or higher.</li> <li>(1) Please download app from Android Market.</li> <li>(2) Purchase an Activation key from <u>www.mirrorop.com</u> for MirrorOP.</li> </ul>							
MirrorOP	v				v	\$9.99		
MobiShow		v	V	v		\$0		
<ul> <li>OS Required: Blackberry OS 5.0 or higher.</li> <li>(1) Please download app from Android Market.</li> <li>Blackberry</li> <li>(2) Support function will depend on the capability of its receiver.</li> <li>(3) Purchase an Activation key from <u>www.mirrorop.com</u> for MirrorOP.</li> </ul>								
MirrorOP	v				v	\$9.99		
MobiShow		v	V	v		\$0		
iOS	<ul> <li>HW Required: Models after iPhone3GS, OS Required: iOS3.2 or higher.</li> <li>(1) Please download app from Cydia web site.</li> </ul>							

5F., NO.96, Min-Chuan Rd., Hsin-Tien Dist., New Taipei City 231, TAIWAN TEL : 886-2-22186888 Fax : 886-2-22186988 E-Mail : info@airlive.com

<ul> <li>(2) Support function will depend on the capability of its receiver.</li> <li>(3) Purchase an Activation key from <u>www.mirrorop.com</u> for MirrorOP.</li> </ul>						
MirrorOP	v				v	\$9.99
MobiShow		v	V	v		\$0

#### Part I. iOS

Step 1. Tap the "Sources" tab

Step 2. Launch the " Cydia " application
